

# **CONCEPT CAPITAL GROUP LIMITED**

## **(In Administration) (the “Firm”)**

**08 April 2026**

### **WARNING NOTICE**

It has been brought to the Joint Administrators’ attention that a third party has been communicating directly with certain investors of the Firm and exerting pressure upon them to enter into management agreements to purportedly act on those investors’ behalf.

The Joint Administrators have serious concerns that the communication issued may falsely imply or otherwise suggest that the proposed management arrangements have the approval or endorsement of the Company and/or the Joint Administrations.

The Joint Administrators can confirm that they do not endorse any such agreement or proposal.

At this stage, we suggest investors do not take any action and await the outcome of the Joint Administrators’ ongoing investigations into the Company and associated individuals.

## **Being alert to scams**

We encourage you to be vigilant and to exercise caution when dealing with correspondence regarding the Administration of the Firm.

Please be alert to the possibility of fraud and scams. Caution should be exercised if you are encouraged or pressured to make a bank transfer to cover costs or fees and/or requested to provide certain personal information following an unauthorised or unsolicited call, email, or letter. If you receive any such communication, we recommend that you do not take any action or engage with the sender or caller. There is no requirement for any investor or creditor to make a bank transfer to a third party to secure the transfer or release of their investments.

If you are in any doubt regarding the authenticity of the correspondence or communication you may have received, please contact the Administrators as soon as possible by emailing [concept.capital@btguk.com](mailto:concept.capital@btguk.com) or telephoning 0114 275 5033. These are the official lines of communication for the Administration.

Support is available to all creditors and investors and further information on the Administration should be sought in the first instance from the dedicated webpage (<https://www.begbies-traynorgroup.com/creditors/concept-capital-group-limited>).

## **Claims Management Companies (CMC)**

For most creditors and investors there is little benefit in involving a third party to assist in making a claim for any losses suffered as a result of the advice you may have received. Promises from such third parties that by using their services you will be able to (a) recover any amounts you have invested more quickly; and/or (b) recover a higher percentage of your invested amount should be treated with caution. Please be assured that the Administration will be conducted in a client friendly manner. If you choose to engage a third party to assist in making a claim, please note that the third party is likely to seek a fee which may reduce what you get back.
